

## Serving the Hudson River with Pride for 55 Years

### A Message from Our President

*And when one person taps out a beat, while another leads into a melody, or when three people discover a harmony they never knew existed, or a crowd joins in on a chorus as though to raise the ceiling a few feet higher, then they also know there is hope for the world. -Pete Seeger*

May 3rd was the 105th birthday of our founder, Pete Seeger. The entire weekend was filled with celebrations of songs of conscience, protest and change. It is fitting that Pete be honored in this way, since throughout his life, he was committed to improving the world through the power of singing.

On Friday, friends and admirers of Pete Seeger gathered at the Towne Crier to participate in the official release of Chopping Wood: Thoughts and Stories of a Legendary American Folk Singer, observations and memories by Pete Seeger and others, compiled by David Bernz. Numerous notable musical disciples and devotees performed. Each in their own way illuminated Pete's vision of the power of music, interpreting and personalizing Pete's songs in the finest folk tradition.

Meanwhile, at the Two-Way Brewery, Pete's memory was commemorated by Rick Nestler, Chris Bowser, and Linda Richards. They headlined a fund-raiser for the Sloop Clearwater, a sloop and organization Pete worked so hard to make a reality, keeping his dream alive through song.

The following day, the Beacon Sloop Club hosted a Pete Seeger song circle, after our annual River Sweep, led by Joyce Hanson and Metal. Thanks to Ken Miller for organizing the song circle, and everyone who joined in. Many participants shared songs, stories and remembrances, including Ken Miller, Lydia Adams Davis, Wayne Coacher, Guy, Corinne and Jeremy Garty, Karen Drucker, Manna Jo Greene, Mary Poppiins, and Ellen Kushner, all contributing songs and tales of positive social change.

On Sunday, the Tompkins Corners Cultural Center featured a musical Pete Seeger review, organized by Judy Allen.

Among the accomplished musicians who participated were Rick and Donna Nestler, Melissa Ortquist, Karen Brooks, Patrick Stanfield Jones, Laurie Siegel, Linda Richards, Sarah Underhill, R.J. Storm and the Old School Bluegrass Band, Betty and the Baby Boomers, and David Bernz. They marked the occasion with thoughtful and moving musical tributes, including songs of advocacy and songs of hope, as Laurie Siegel so ably wrote and Laurie and Patrick Jones so beautifully sang about.

In song circles and elsewhere, Pete encouraged others to try out different harmonies. And he urged everyone, even the most reluctant participants to sing out. He wanted everyone to sing, work and live in harmony, in a world where every voice matters.

*There is a big, beautiful world that could be destroyed by selfishness and foolishness. We musicians have it within our power to save it. In a small way, every single one of us counts.*  
-Pete Seeger

# Beacon Sloop Club General Meeting

Minutes, May 3 recorded by Trish Murphy

Opening Song Musical performance by Rob May, Ken Miller, and Hope Altkin.

## Opening Announcements

Hope Altkin began the meeting by delighting listeners with a reading of the poem "Light a Candle" by Judy Myerson. Corinne kindly offered to remove the recycles and President Rob May volunteered to remove the trash. New attendees Jeffrey Judd and sail class member Moe and her husband were welcomed.

## Treasurer's Report

Aaron reviewed the March 2024 financial report. (See treasurer's report for full details).

## River Sweep/ Pete Seeger Circle of Song

Metal stated that the River Sweep was set to begin at 9 a.m. on the coming Saturday. A guest lecture on invasive species in the Hudson would begin at 9:15 a.m. Garbage clean-up was scheduled to begin at 10:00 a.m. At 12:00 p.m. trash sorting on the docks takes place. The "Pete Seeger Circle of Song" and potluck will be held from 1:30-4:00 p.m. Joyce said that the Sloop Club was proud to support the 13th annual River Sweep and encouraged listeners to volunteer.

## Tompkins Corner Pete Seeger Festival

Judy announced that the 8th annual Pete Seeger festival was set to take place from 2-5:00 p.m. at Tompkins corner in Putnam Valley on May 7th. Donation proceeds from the event benefit Clearwater and the River Pool.

## AED/ CPR Training

Members were offered the opportunity to participate in AED/CPR training classes. The class will take place during the day on a Saturday (exact days TBA). Those wishing to attend should make Checks payable to: The Beacon Sloop Club, P.O Box 527, Beacon, NY 12508.

## Strawberry Festival Report

Rosemary passed a sign-up sheet around for those wishing to become Strawberry Festival volunteers. Volunteers are needed, among other things, to shape and bake approximately 1,800 biscuits. Volunteers are also needed for the "Strawberry Prep Party" which occurs the day before the festival so that volunteers can prepare the strawberries and biscuit mix. The Strawberry Festival will take place on Sunday June 9.

## Woody Report/Harbor Report

The Woody is docked near the Club house. Night crews will be doing maintenance on her, such as conditioning the wood and painting the boom and gaff. The Woody will proudly sail during the time of the Strawberry Festival. Captain Steve stated that the weekday sails would begin after June 9th. He offered the invitation to become a crew member to all listeners. Those wishing to become a Woody crew member can contact any of the current captains or James.

## Sailing Classes

Mary Arnold said that three sailing classes had taken place thus far. Though the time to sign up for the classes has expired, Current Woody Sailors are invited to sit in on any of the Wednesday classes.

## Erie Canal Barge Visit-October 2025

A fully functioning true to scale replica vessel of the famous "Seneca Chief" will dock in Beacon on October 23, 2025. Tours and an Erie Canal slideshow will be offered to the public at that time.

## Clearwater Report

On Saturday May 11, Clear Water will be providing music on two stages at the Kingston Earth Fair. Clear Water is currently taking reservations for sails. The latter includes an upcoming "Pay What You Can" sail. The "Paddle for the Hudson" virtual fundraiser is set to launch. Participants have the goal of paddling for 55 miles (one mile for each year of the existence of the *Clearwater*) for charity. If participants are able to raise a minimum of \$550.00 the event fee is lifted for them. "Paddle for the Hudson" begins on Memorial Day and continues to the end of July.

## Environmental Report

Captain Tom rejoiced that a large commercial grocery retailer in Europe was helping the environment by transporting goods through canals using hydrogen powered boats that are met at the docks by electric trucks. Due to the availability of water ways in New York, Captain Tom urged listeners write their local congress to persuade them to adopt this eco-friendly method of transporting goods. He also addressed the serious issue plastic usage and the related consequence of microplastics entering our bodies. He gave the helpful example of using popcorn in lieu of Styrofoam packing peanuts to ship items. Another helpful suggestion he provided was using powdered detergent or Borax instead of chemical and plastic laced liquid detergent.

## River Pool

John from River Pool stated that he was thankful to the club for their fundraising efforts. He expressed that the recent acquiring of the dock by the Sloop Club would also benefit River Pool and the Cross River Swim in the future. The floating River Pool was a dream of the iconic Pete Seeger that the Sloop Club is very proud to support.

## General Announcements

Judith will be performing at the Town Crier Cafe in Beacon at 2:30 p.m. on Mother's Day Sunday.

## Adjournment

At 8:39 p.m. a motion to Adjourn was made by President Rob May and seconded by Susan Berliner. Circle of Song to follow.

### Endangered Species Day

Today (May 17) is National Endangered Species Day. It's a good time to reflect on great progress that has been made in some areas and the challenges faced in others.

At the time of our founding, eagles and other birds of prey were a rare site along the Hudson River, now we have several nesting pairs in the neighborhood and many winter visitors. They were brought back from the brink of extinction by the awareness raised by Rachel Carson, grassroots action and the enactment of the Endangered Species Act. Pete often cited Silent Spring as his awakening to the environmental movement. It didn't hurt that eagles are our national symbol and highly visible.

Many of our Hudson River Species remain endangered or under threat. The commercial fishery that used to be a major local industry is virtually nonexistent today. Years of pollution and oxygen depletion, dredging, power plant cooling, damming of tributaries and overfishing have all depressed populations of sturgeon, shad, eels and herring.

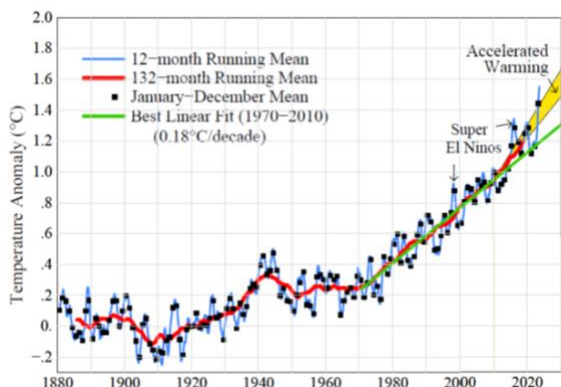

There are signs that the hard-won gains of environmentalists and conservationists are paying off. Reduction in pollutants, the closure of power plants and dam removal have all contributed to an increase in the spawning population of shortnose sturgeon.

It's too soon to declare victory. Many old threats remain and new ones, like major vessel anchorages, increased offshore commercial fishing and new invasive species continue to arise with the potential to impact populations. So, as we reflect on our slow and steady progress, we must remain vigilant.

### Global Temperature Outlook

James Hansen, Pushker Kharecha, Makiko Sato

**Global temperature** (12-month mean) is still rising at 1.56°C relative to 1880-1920 in the GISS analysis through April (Fig. 1). [Robert Rohde reports that it is 1.65°C relative to 1850-1900 in the BerkeleyEarth analysis.] Global temperature is likely to continue to rise a bit for at least a month, peak this summer, and then decline as the El Nino fades toward La Nina.
